TECHNICAL RIDER

This performance can be played in and outside.

For adults and children from 7 onward

It is played on a table of 2 x 1m, the table is on wheels and can be moved.

Outside

Place: Preferable a spot a bit intimate.

If possible a wall or something behind the scene so that there will be no crowd behind.

In case of rain a tent or a roof.

Dimensions:

4m wide and 3m deep

A low stage can be handsome but is not necessary.

Sound: I'll bring my own sound

Electricity

I need electricity for the sound.

Inside

Dark room: If possible a dark room will be better

Light: I bring my own light computer, the show has a nice lightshow. I can also bring my own spotlights, but if there is enough equipment in the room I will use it.

Drink: Deca coffee or tea and water.

Eat: Vegetarian sandwiches for one person.

Z.O.Z

Loading and unloading: If the car cannot be near the place of performance I will need some help.

PARKING: Place for a van.

Arrival: 1.30h in advance:

See you

Ruud Alles
